

Quik-Disks® from LloydPans®

Key reasons pre-seasoned Quik-Disks® have replaced screens in large segments of the pizza industry:

- Permanent release coating that does not bake, flake, or chip off
- No pre-seasoning necessary: Ready to go out of the box
- Durable construction stops cyclical replacement issues
 - Some of our customers are still using the same disks they purchased 10+ years ago
- Holes are resistant to carbon build-up and plugging
- Integrated flat rim does not trap food debris
- Easy clean-up saves time and labor
- NSF approved (critical to health department inspections)

- **Short Usage Life**
Routine replacement is costly
- **Unsanitary**
Problems with some Health Departments
- **Pre-Seasoning Necessary**
Hidden costs in time and labor
- **Holes Clog**
Inconsistent baking
- **Hard To Clean**
Additional costs in time and labor
- **Fragile**
Easily bent

- **Long Usage Life**
10 years or more in production
- **Sanitary**
NSF approved
- **No Pre-Seasoning**
Ready for production out of the box
- **Holes Rarely Clog**
Consistent baking means consistent results
- **Easy To Clean**
Savings in time and labor
- **Strong**
Folded rim adds strength, not easily bent
