# Contents.

1

## The SmartStone System

Learn the advantages of the revolutionary SmartStone System that brings uniqueness, durability and utility to any space.

2

## Collections

View stunning, striking and natural collections that contain a wide variety of stone surfaces guaranteed to elevate your space.

3

## Styles & Edges

Choose from a variety of edge options to complete your look.

## THE SMARTSTONE™ SYSTEM

All SmartStone induction countertops are resistant to high temperatures (ISO10545.9) and atmospheric stress, as well as being scratch resistant, impact resistant, totally hygienic and designed to meet the ever-new and changing demands of contemporary foodservice.

### TRIVETLESS INDUCTION

Specifically designed to work with Spring USA hidden Induction Ranges and Frost Tops

**NSF CERTIFIED** Compact, non-porous material does not harbor bacteria with easy maintenance

**SUPERIOR QUALITY** Resistant to scratches, stains, chemicals, UV, and corrosion to retain original beauty, lightweight with better durability

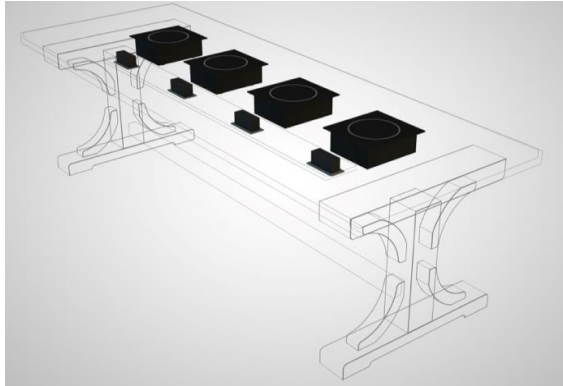

**PREMIUM FINISHES** A vast color palette of natural polished or pre-polished finishes - request a sample today

# INDUCTION FURNITURE

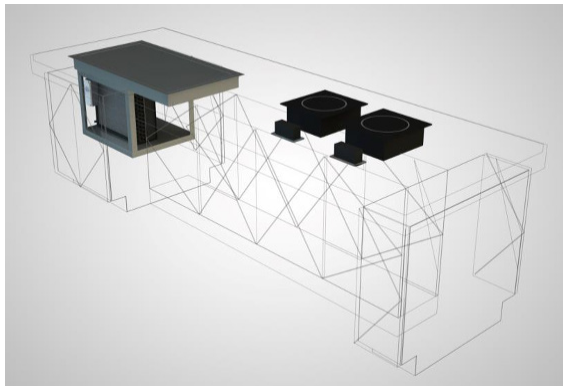

SmartStone countertops are designed to be induction-ready to support the installation of Spring USA MAX and MultiSurface Induction Ranges. These ranges are dropped in or seamlessly mounted beneath the SmartStone surface to provide precise and consistent warming of induction-ready vessels.

- Holds food at temperatures ranging from 150-180 degrees
- Magnetic induction technology heats induction-ready vessels and not the countertops

# FROST TOP FURNITURE

All SmartStone induction countertops are resistant to high temperatures (ISO10545.9) and atmospheric stress, as well as being scratch resistant, impact resistant, totally hygienic and designed to meet the ever-new and changing demands of contemporary foodservice.

- Chill items without the mess of ice
- Surface temperature of hidden: 0 to 30F (-18 to -1C) Exposed: 0 to 20F (-18 to -7C)
- Custom sizes available

A leader in induction technology, Spring USA has worked with renowned companies across the globe in designing and building functional furniture that fits within their operational layout and structure. From hotels to stadiums, casinos to hospitals, Spring USA uses their more than 30 years in the industry to help create beautiful, custom furniture with industry-leading induction technology and proprietary Smartstone surfaces.

## MARBLE COLLECTION

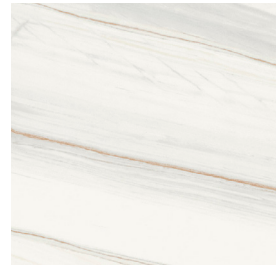

This stunning collection of bright whites and neutrals will make your space come to life. With delicate and subtle veins that run throughout, any color in this collection will make your countertop the focal point of the room.

**Fine White**

**Snow**

**Sea Salt**

**Seashell**

# FINE WHITE

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed or polished

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content  $\geq$  40% DCOF ACUTEST (WET)  $\geq$ 0.42 -  $\leq$  0.60 (honed)

# SNOW

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed, polished, or silky

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content  $\geq 40\%$  DCOF ACUTEST (WET)  $\geq 0.42$  -  $\leq 0.60$  (honed)

# SEA SALT

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed or polished

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content  $\geq 40\%$  DCOF ACUTEST (WET)  $\geq 0.42$  -  $\leq 0.60$  (honed)

# SEASHELL

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed or polished

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content ≥ 40% DCOF ACUTEST (WET) ≥0.42 - ≤ 0.60 (honed)

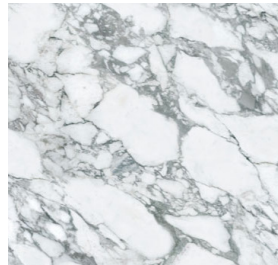

## **ALLEGRO COLLECTION**

The Allegro Collection will take your countertop from overlooked to center stage. The bold colors and rich vein patterns will draw every eye in the room by creating stark contrasts and dramatic visuals.

**Artefact**

**Antique**

**Heirloom**

**Monument**

# ARTEFACT

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed or polished

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content  $\geq 40\%$  DCOF ACUTEST (WET)  $\geq 0.42$  -  $\leq 0.60$  (honed)

# ANTIQUE

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed or polished

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content  $\geq$  40% DCOF ACUTEST (WET)  $\geq$ 0.42 -  $\leq$  0.60 (honed or polished)

# HORIZON

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials

Total Recycled Content  $\geq 40\%$  DCOF ACUTEST (WET)  $\geq 0.42$  -  $\leq 0.60$  (honed)

# MONUMENT

When preparing the order, the surfaces are selected randomly, therefore the continuity of veins is not guaranteed

<u>SIZE</u>	<u>THICKNESS</u>	<u>FINISH</u>
120"X60"	12 mm	Honed, polished, or silky

Our products are the result of the bond between earth and fire. The continuity of veins between slabs is subject to tolerance typical of natural materials
